PHILIPS

PHILIPS

PURPOSE

Improve people's health and well-being
through meaningful innovation

VISION

Better care for more people

CULTURE

Impact with care

For patients, people and planet
with patient safety, quality, and integrity at the heart.

Well-positioned to capture growing and attractive markets, enabling better care for more people through sustainable innovation

Addressable market¹

EUR ~90 billion
in 2025

3-6%
2022-2025 CAGR

Structural and increasing gap between demand and supply of care

- Aging population and more patients
- Growing chronic and complex diseases
- Increasing spend on self-care and personal health
- Staff shortages and rising cost require productivity solutions
- Expanding access to healthcare

Healthy fundamentals; annual market growth rate may vary because of macro environment

Fundamentally attractive market whilst short term dynamics differ per region

We leverage platforms for personal health, monitoring, imaging and interventional to serve our customers across care settings

Self-care

Personal health

Measurements & insights

Monitoring

Diagnosis

30%

of revenue,
margin upside

Capture **value upside**
with clear **execution**
roadmap

Enterprise Informatics

Scale to unlock insights and
deliver **profitable growth**

Diagnostic Imaging

Enhance operational excellence,
focus on customer productivity

Sleep & Respiratory
Care

Restore business profitability
and position

Innovation, design and sustainability with quality as highest priority

People and patient-centric

Ecosystem with clinical and
technology partnerships

Business-led

Businesses are accountable to
deliver innovation from creation
to delivery

Scalable

Focused, standard-setting
innovation with higher return

Setting the standard across segments of care

BlueSeal MR

- MR access everywhere due to helium-free
- Smart AI doubles volume
- >1500 systems installed

Azurion

- One more patient a day (15%)
- Industry leader cardiac, neuro next
- 5 million procedures a year

Patient Information Center iX

- Platform for all acuity settings
- Real time / minute data for 1,600 patients
- In 1 out of 2 hospitals in US

OneBlade

- Created new hybrid category
- 90% market share
- 100+ million blades, 50+ million handles sold

Leader in Health Informatics and AI across the portfolio

Enterprise Informatics

- Largest vendor agnostic leader
- Imaging, Clinical Integration, Telecare
- Radiology, Pathology, Cardio, Critical Care

AI-powered clinical insights

- Proprietary data AI development
- Cardio, Alzheimer, Oncology, MS
- Open AI platform thru AI Manager

AI-enabled productivity

- Productivity: up to 38% faster exams¹
- Prediction; 48hrs event management
- Automatic prioritization and delegation

Making progress on our plan to create value with sustainable impact

	2022	2023-2025 Plan As provided Jan 30, 2023	2023 - 2024 Including outlook ³
Comparable Sales Growth	declining	From low to MSD	3.2% – 3.7% CAGR
Adj. EBITA margin ¹	7.4 %	From high single to low teens	~11.5% end of 2024
Free Cash Flow ²	negative	EUR 3.0-3.6 billion total	EUR 2.5 billion
Capital allocation ² Net Debt/Adj. EBITDA	3.0	Deleverage to 1.5	Deleveraged to 2.0

Note: the outlook excludes the potential impact of the ongoing Philips Respiration-related legal proceedings, including the investigation by the US Department of Justice
 1. Excluding restructuring costs, acquisition-related charges and other one-time charges and gains | 2. Excluding payment of settlement related to the Respiration litigation for which a provision was booked in Q1 2024, as announced on April 29, 2024 | 3. As provided October 28, 2024. FY CSG of 0.5%-1.5%, ~11.5% Adj. EBITA, ~0.9bn EUR FCF

2023-2025
